

"Sample List 1- Middle\High Vocabulary" Vocabulary Picross

Directions: Match a numbered definition from the bank below to a number on the left of the puzzle. Using a pencil, color in the squares across from left to right on that line, spelling the word that matches that definition over and over until you reach the end of the line. If you find a letter that DOES NOT belong in that word, then do not color it in. When you are finished with all of the lines, a hidden picture will be revealed.
